## HART WINS SKATING RACE

W. A. Hart, representing the Diamond Head A. C., took first honors in the mile skating race at the rink last evening. The following lined up for the start: Hart, Myhre, J. K. Rice, Arthur Rice, McCandless and Bolster. Hart got the inside position. The judges selected were J. Bowers, Dr. Monarrat and C. Lambert.

At the creek of the gun all made a leap to secure an advantage on the start and four out of the six went to the floor. Those who fell were soon on their feet and made a scramble and a sprint to overtake the others. Bolster took the lead and set the pace, but Hart soon cut him down and in a mix-up Bolster went to the floor and was passed by J. K. Rice. The latter soon passed Hart and received much applause for his efforts. McCandless made a sprint and headed the bunch on the 8th lap. At the end of the 9th lap there were five left in the race. Hart and McCandless were about even on the 12th lap, but the pace was too hot for McCandless and he was forced to retire. This gave Hart a long lead and he won easily. Bolster, the other Diamond Head man, finished second.

## AMERICAN OLYMPIC TEAM

Although it is expected that the whole world will be pretty well represented at the Olympic Games this year, and that the competition will be of the very keenest nature, yet it is quite certain that the Americans will win a good percentage of the track and field championships.

Without doubt many of our best representative athletes who might otherwise compete in these games will be unable to do so because of their college work or business association. So it is quite likely some of the events will not be represented in with our best men.

The personnel of the team as complete is as follows:  
100 Meters—G. H. Quagrono, New Orleans Y. M. C. A.; W. A. Shick, Harvard University; Archie Hahn, Milwaukee A. C.; W. D. Eaton, Cambridge Gym.

400 Meters—Harry Hillman, N. Y. A. C.; W. A. Shick, Harvard; F. R. Moulton, Kansas City A. C.

800 Meters—H. V. Valentine, N. Y. A. C. and Chas. Bacon, I. A. A. C.

1500 Meters—Jas. P. Sullivan and G. V. Donning, I. A. A. C.

Marathon Race—J. Forshaw, Mansouri A. C.; J. Fowler, Cambridge Gym; W. G. Frank and Harvey Cohn, I. A. A. C.; Mike Sping, Pastime A. C.

Hurdles, 100 Meters—Hugo Friend, Chicago A. A.; and R. G. Leavitt, Williams College.

Five Mile Run—G. C. Bonbag, I. A. A. C.

Stone Throwing and Discus—Richard Sheldon and James S. Mitchell, N. Y. A. C.

Standing Broad Jump—Ray Eroye, N. Y. A. C.

Running Broad Jump—Hugo Friend, Chicago A. A.; M. Pirouca, I. A. A. C.

Running Hop, Step and Jump—M. Prinstein, I. A. A. C.

Swimming—C. M. Daniels, J. W. Spencer, N. Y. A. C.; M. Schwartz, Mansouri A. C.; and H. A. Birnamann, Chicago A. A.

High Jump—H. W. Kerrigan, Multnomah A. C., Oregon.

Pole Vault—F. B. Glover, Chicago A. A.

Pentathlon—Martin J. Sheridan, I. A. A. C.; Elbery H. Clark, Boston A. A.

## NEW INDOOR RECORDS

Three new records were established at the indoor games of the Irish American Athletic Club in New York. M. W. Sheppard, the Philadelphia schoolboy who recently lowered the indoor mile record to 4:25 m, 1-5 sec., coming in a four mile relay race, clipped considerable off his previous effort, doing the last mile in 4:22 1-5 seconds.

In the same race, the I. A. A. C. relay team, comprising Sullivan, Cohn, Sheppard, and Bonbag, ran the 4 miles in 17:58 seconds, breaking the previous record of 18:21 seconds held by Cornell University.

John Flanagan, holder of many weight-throwing records, smashed the American record at throwing the 28-pound weight, sending it 31 feet 4 1/2 inches. W. G. Frank of the I. A. A. C. won the ten mile race in 56 minutes, 5 seconds.

Castleman and Joyce, who have been the bone of contention in A. A. U. circles of late, made their initial indoor appearance since the settling of the controversy by the apparent backing down of the A. A. U., but were unplaced.

## SWIMMING

The winter which has just closed has proven the most remarkable and successful in the history of American swimming. Daniels and Haney especially have startled even their own admirers and club-mates by their brilliant achievements in the tank.

Although C. M. Daniels continues to win American championships and establish records, still the British and Australian Aquatic Associations do not

look with favor upon his recent exploits. The British Association no doubt is basing its opinion on the fact that when Daniels was abroad competing in the British Isles, his showing was only of mediocre kind, and since the American crack was not able to make a good showing against the British and foreign swimmers as was expected, it cannot understand how it is possible for such a swimmer to accomplish the wonderful feats which he has. They do not take into consideration that Daniels has developed and is a much faster swimmer than previously.

The English swimming authorities claim that Daniels was not attired in a manner that met the requirements of the British rules.

They continue to credit Cecil Healey, of Australia, with the world's amateur record, 58 seconds for the 100 yards. In the recent championships held in the N. Y. A. C. tank, Daniels wore the regulation swimming costume and not only equaled Healey's time but cut one second from the English record and five seconds from the American.

The records which Daniels established are as follows:

- 50 yards 2:25
- 60 yards 0:31 1-5
- 40 yards 0:19 3-5
- 25 yards 0:12
- 100 yards 0:58
- 75 yards 0:41 3-5
- 80 yards 0:44
- 220 yards 2:33 1-5
- 150 yards 1:45
- 440 yards 5:20 3-5
- 880 yards 12:29 2-5
- 1000 yards 14:08 3-5
- \* World's record.

## PUNS AND MAILES TIE

A practice game of baseball was held on the college grounds at Punahou last evening between two teams, representing the Punahou A. C. and the Maile A. C. after a close struggle for five innings the game ended with each team having two runs to their credit.

Eddie Desha pitched for the Puns, while Freitas held down the same position for the Mailes. Both did good work. Flannagan, the Mailes' new catcher, worked well and promises to be as good as there is in the Sugar Cane League. He is a cool player and bats and throws well.

The Mailes made two runs in the first inning and were tied by the Puns in the last. From present indications the Mailes have a much stronger team than last season.

Following was yesterday's line-up:  
Mailes—Flannagan, c.; Freitas, p.; Pimental, 1b.; Sheldon, 2b.; Fenner, 3b.; Amoy, ss.; Burns, lf.; Sumner, rf.  
Puns—McArthur, c.; E. Desha, p.; Turner, 1b.; Van Vleet, 2b.; Clark, 3b.; Van Vleet, ss.; G. Desha, lf.; Ahrens, cf.; Hannah, rf.

## TO PLAY FOURSOME

Harold Giffard and Frank Armstrong will meet Geo. Angon and H. B. Smedley on the Maunaloa golf links in a foursome competition. This match will be watched with interest as these four players are as good as there is in the country.

It is possible that the winners will be challenged by a couple of the other players here.

## THE SPIT BALL

The spit ball, which is probably the most deceptive ball that a matter ever struck at, is thrown at medium speed. If thrown fairly it loses its effect. It must be carefully judged, for if it is allowed to hit the ground before it reaches the catcher.

To throw a spit ball wet the first and second fingers, so that it will slip away instead of rolling away. With the latter movement the curve is sharp, but with the former it is sudden and sometimes startling.

It will be found difficult to control the ball and the beginner is apt to be discouraged because of his wild throwing. Bear in mind one thing: In ordinary and curve pitching the ball leaves the thumb first and the fingers last; with the spit ball this is reversed, and the thumb is made to control the ball instead of the fingers. The wetting of the two fingers is only for the purpose of allowing the ball to slip away from them easily.

Very little rotary motion is imparted to the "spit" ball. It comes up high and slow and the batter can almost see the seams. Just as he draws back to hit the ball seems to have received new impetus and drops or jumps as if struck down from behind. If the batter hits where he aimed he misses at least a foot.

That used to be the case before batters realized what they were up against. In desperation after being fooled a few times, they took to rushing up to meet the ball, with the hope of hitting it before it "broke" or just as it was starting to. In this, however, the advantage is all with the pitcher, as he may make a spit ball delivery and deliver a fast ball which is just past the batter before he begins his "run-up."

This is what has caused so many heavy hitters to become disheartened and declare that nowadays the batter is lucky if he hits 250 during the season. It certainly has not done the hitting so much in one season that already a change in the rules is contemplated.

Unlike an ordinary curved ball, the pitcher can not be certain of the side

## RULE FOR CONTESTANTS WHO SEEK THE AUTO

The Bulletin finds it necessary to establish a new rule in connection with the automobile contest, to-wit:  
A change in the delivery of a paper from the person now receiving it to another of the same family cannot be accepted as a new subscriber, nor will an additional paper sent to a person already receiving the paper be accepted as a new subscriber.  
The Bulletin has been very careful that there shall be absolute fair play in dealing with the contestants. It must also see that the contestants are equally straightforward in their relations with the paper. The matter is brought early to the attention of the many people interested in order that there may be no misunderstanding as to what constitutes a new subscriber.

## A DEMOCRATIC COUNTESS

Englishwomen do not possess the right of franchise, but for many years it has been customary for wives of candidates for parliament to appear with them on public platforms during campaigns, encouraging them by their presence and sometimes addressing meetings themselves. Ladies of high degree have not hesitated to appear in public in this fashion, but an unusual number of women, several of them of American birth, have been prominent in the campaign in progress recently, and the

THE COUNTESS OF WARWICK.

strange spectacle has been presented of one of the best known peeresses in Great Britain taking a hand in the election of a fellow member of parliament and addressing dock workers as "room-mates and friends." This woman is Lady Warwick, known as "the democratic countess." She is a Socialist and thinks nothing of donning in a dirty potato cart in a dainty Parisian costume and making a baganage for the election of a brother Socialist to the house of commons. In 1881 she married Lord Brooke, who became Earl of Warwick on the death of his father in 1891. As Lady Brooke she formed one of the famous card parties at Trunby Court which resulted in the betrothal trial at which King Edward, then Prince of Wales, figured as a witness. She was considered a great beauty as a young woman and is still graceful and handsome, though she has a son old enough to be winning fame as a war correspondent. She was a leader in gynocies in younger days, but soon grew weary of frivolities, has long devoted herself to all kinds of good works and for several years past has been a member of the Social Democratic federation. She has now converted the Earl of Warwick to Socialist views. She is a excellent talker, and her efforts had much to do with the recent election to the house of commons of a Socialist named Thorne.

## USEFUL DISCOVERIES.

Are Not Always Startling, Neither Do They Create the Most Talk.  
It is not always the greatest, most startling discoveries of science that are most useful to the human race.

Comparatively few people were directly interested in Archel's finding of the new plant Uraria, but many thousands have benefited by Prof. Uria's experiments, which proved beyond a question that bandruft and baldness are the result of the broods of a parasitic germ which invades the roots of the hair.

The discovery of the true cause of baldness made Newbro's Herpicide possible. Herpicide effectively kills this germ. Destroy the cause you remove the effect.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Hollister-Drugg Co., special agents.

The BUSINESS MAN'S HANDY INDEX, published in the Saturday Bulletin and the Weekly Edition, gives a concise and complete resume of all legal notices, calls for tenders, judgments, building permits and real estate transactions. Evening Bulletin, 75c per month, Weekly Bulletin, \$1 per year.

direction the ball will take as it breaks downward. The "spit" ball drops from the batter's hips to his knees or below in perhaps two feet of forward motion.

The side breaks are determined by the manner in which the ball leaves the pitcher's hand. If the hand is turned with the hand facing down and to one side the break at the plate will be different than if the ball left the hand not turned over so far. There are a great many angles to deliver the ball from and different motions, but they must be studied out.

# THE BIGGEST WINNER In Hawaii

Thousands of Island People are working for their Favorites  
A Large wholesome success has marked the BULLETIN'S Auto Contest from the day it started

The splendid prizes—the popularity of the Bulletin and the perfect fairness of the contest have combined to make this venture a winner, and when a thing makes good it is good.

The prizes have never been equalled in this country. They are TEN in number, consisting of a \$1,400 REO TOURING CAR; A \$350 KROEGER PIANO; A \$5,000 INSURANCE POLICY; A \$50 SILVER PUNCHBOWL; A \$10 STORE ORDER; A DOMESTIC SEWING MACHINE; A LEATHER GOLF BAG AND SET OF CLUBS; A WINCHESTER REPEATING RIFLE; A LEATHER SUIT CASE; AND A KODAK DEVELOPER.

The contest opened on Feb. 1, 1906, and will close at 5 o'clock p. m. June 16, 1906. The final count will be made June 30, 1906, and the last votes from all islands must be in this office not later than 5 p. m. on the day of the final count.

A preliminary count takes place every Thursday morning in the BULLETIN office, but the final count will be made by a committee of three who will be selected from among disinterested business men
